| 226-044 | 7/8" x 50' RadWire™ graphic pinstripe LT. GOLD METALLIC |

- Unique rotary die-cut process produces the RadWire™ pattern in a continuous roll for easy installation.
- RadWire™ pattern has no clear edges for a cleaner appearance.
- Use to accent other stripes and graphics for added design versatility.
- RadWire™ looks great on cars, trucks, SUVs, motorcycles, trailers, boats, jet skis, helmets and more!
- 5 to 7 year high-performance vinyl provides maximum durability.

4011-51 Saber™ kit with 226-58 RadWire™ accent stripe.

GRAPHIC PINSTRIPES

PERFECT PIN™

Sharpline innovation continues with the Perfect Pin™. The Perfect Pin™ is a precision pinstriping system consisting of a distinct, finely printed pinstripe packaged with a set of finishing tips that complete every Perfect Pin™ installation with extraordinary flair. Each Perfect Pin™ is conveniently packaged for a single vehicle installation, providing an efficient and organized use of material. Convenient to use; quick to install, and profitable...Sharpline's Perfect Pin™ is a stylish improvement over standard pinstripe.

Sharpline's DuraShield+™ Premium Surface Protection Film provides maximum vehicle surface protection against the small stones, insects, and other road debris that can chip, nick or scratch the exterior of any vehicle. Perfect for damage-prone areas such as hoods, rocker panels, bumpers and mirrors, DuraShield+™ is virtually invisible and won't diminish the natural aesthetics of the vehicle like "bug shields" and "vehicle bras" tend to do.

DURASHIELD+™ BENEFITS

- Special 8 mil urethane formulation provides premium protection to any vehicle's damage-prone areas.
- Superior optical clarity makes DuraShield+™ virtually invisible when professionally applied.
- Smooth, high-gloss surface matches OEM paint finishes.
- Extremely flexible film with internal protective chemistry allow for easier application on compound curved surfaces.
- DuraShield+™ is backed by a 7 year warranty.
- Complete program available, including: Pattern Template Software & Plotters; Installation Training & Comprehensive Marketing Tools

DURASHIELD+™ PRIMARY SURFACE PROTECTION AREAS

DURASHIELD SATIN™

DuraShield Satin™ is a specialty surface protection film that has an exceptional matte finish. Areas of any vehicle can be protected and stylized with DuraShield Satin™ to two-tone the vehicle. DuraShield Satin's™ unique finish can matte-out any glossy paint color.

STYLIZED HEADLIGHT DECOR - LensWrap™ tinted protective films add a subtle splash of color to headlights and foglights to help enhance the appearance of display or show vehicles.

CONCENTRATED DURABILITY - SharpLine's LensWrap™ tinted headlight protection film is constructed with a thick, heavy-duty film. LensWrap™ tinted protective film will also help protect expensive headlight lenses from damage which may occur during the transportation and display of show vehicles.

APPLICATION VERSATILITY - LensWrap™ tinted headlight protection film sets are offered in two sheet sizes or in 30 foot rolls, and can be easily installed and trimmed to fit modern, irregularly shaped headlight lenses. Sets include 2 film sheets, a small squeegee, Snappy™ knife and instructions.

VIRTUALLY INVISIBLE PROTECTION

Modern headlight lenses are constructed from clear plastic that is subjected to damage from rock chips, dirt and road debris experienced in day-to-day driving. Replacing headlight lenses that have been scratched, scuffed, cracked or even dulled from exposure to the sun's UV rays can cost hundreds of dollars each.

4005 AFTERSHOCK™
12" x 140" as shown

Sharpline's AfterShock™ graphic is created by printing 3 different, vivid colors onto clear, high-performance vinyl. Featuring a distinct lightning effect, AfterShock™ allows the vehicle color to show through once applied; creating a truly dynamic installation. Available in 2 different color combos, each AfterShock™ is comprised of multiple components that can each be placed where the installer feels they accentuate the vehicle body lines best.

4005-58 Neutrals

| A-Part | 4" x 49 1/4" |
| B-Part | 3 1/2" x 50 1/4" |
| C-Part | 6 1/8" x 43" |
| D-Part | 3" x 37 3/4" |

Sharpline's RoughNeck™ kit gives installers a crisp, rough-edged appearance in a large graphic. The RoughNeck™ is available in two color combinations created by printing three colors onto clear, high-performance vinyl. The RoughNeck™ kit can be installed in a variety of ways, depending on the placement of the graphic components. Due to the nature of the clear base film, the RoughNeck™ package allows the vehicle paint color to show through after installation.

Minimums: There is a \$20 minimum on any Express Graphics order.

Lead Time: There is an anticipated lead time of 3 to 5 working days from the time an Express Graphics order is placed until it is ready for shipment.

Drop Shadows: Create a dimensional look through the use of drop shadows that are incorporated into your Express Graphics name. For information on availability, pricing and lead times, consult your Sharpline sales representative.

Options: A typestyle can be altered through the use of options such as an outline border or slant. Be sure that the style can be altered through the option desired. Please note that some typestyles have a natural slant to the face. These are shown in a column headed by SLANT. Any further degree of slant is added to this natural slant.

Notice: Due to differences in font styles, you must state if the image size is critical at the time of your order. If not, the letter height will be measured relative to the capital 'X' in each font. Graphic image height is measured from the lowest to the highest point of the image.

Color Availability: All Express Graphic typestyles are available in the colors shown in the standard color offering. Separate price categories exist for specialty films such as Stardust Metallics or Diamond Metallics. Prices are based on a capital letter character and vary depending on the height specified.

SUPERGRAPHICS™ SUPREMES

AVAILABLE SIZES (sizes are approximate)

- A - 5" X 48"
- B - 2 1/2" X 24"
- C - 1 1/4" X 12"

Sharpline provides six exciting two-color SuperGraphics™ designs available in three sizes. SuperGraphics Supremes™ can be used to create an unlimited selection of more conservative, yet very appealing designs for cars, pickups, crossovers and SUVs as well as compact and full-size vans.

Pick the size you want and choose from any of Sharpline's standard colors to create your own custom-made graphics. We will cut and ship them ASAP, often within 24 hours of ordering!

HOW TO ORDER

1. Choose your SuperGraphics Supreme™ design. They are produced as sets of two mirror-image graphics.
2. Choose the size you need:
 - A - Matches up to 1/2" stripes
 - B - Matches up to 1/4" stripes
 - C - Matches up to 1/8" stripes
3. Choose your colors:
 - Color #1** (shown as the dark portion of graphic in the illustrations)
 - Color #2** (shown as the light portion of graphic in the illustrations)

Please be sure of your colors and sizes at the time of order. Since SuperGraphics Supremes™ are custom-made to order, they cannot be returned.

Graphic images shown are digitally created representations of the actual products. Slight variations in color and appearance may exist between the catalog and the actual product.

Sharpline's Graphicut™ professional signage products are the best choice for all your vinyl signfilm needs. Choose from the premium quality high-performance cast vinyl colors used in the Automotive product line in addition to a select line of calendered films and specialty signfilm products.

Sharpline Graphicut™ Advantages:

- Sharpline is centrally located and provides quick shipment of products to anywhere in the world.
- Sharpline offers its 15, 16, and 24 inch signfilm for sale "by the yard" in most colors (3 yard min. purchase per color).
- Hundreds of colors are available in signfilm. Need a color not shown? Call Sharpline and we will do our best to match your special color needs. Sharpline also has colors available in custom sizes.
- Sharpline's experience and leadership in the production of vinyl-based graphic and signage products provides our customers with the service, quality, and innovation they deserve.

SIGN PRODUCTS
VECTOR RETROS™

Sharpline offers four Vector™ designs that put a modern twist on classic muscle car stripes of the 60s and 70s. Like our other Vectors™, restylers and sign shops can use these Vectors™ on sign-cutting equipment to create graphics in any sign film color.

The fully-editable files are available on CD-ROM (#886-01) in both .ai and .eps formats, or have Sharpline's Express Graphics™ department cut and mask them for you.

1181 Stutter Stripe Set
3" x 135.7" per side

1182 C Stripe Set
11.9" x 80.6" per side

1183 Tailwrap Set
12.8" x 33.4" per side

1184 Fender Flame Set
11.5" x 56.7" per side

Graphic images shown are digitally created representations of the actual products.
Slight variations in color and appearance may exist between the catalog and the actual product.

GRAPHICUT™ SPECIALTY FILMS

Sharpline's Graphicut™ product offering provides restylers and sign shops with a wide selection of high-performance vinyl products. Sharpline's unique offering also includes a selection of signfilm rolls that feature a continuous print pattern. These patterns are offered in select Graphicut™ configurations and are in-stock for immediate delivery.

DIGITAL WOODGRAINS™

| PART | SIZE |
|------|---|
| 9663 | 16" x 8' Digital Woodgrain Panel - print pattern is 15" x 95" |
| 9624 | 24" x 8' Digital Woodgrain Panel - print pattern is 23" x 95" |

Popular OEM woodgrain patterns have received a modern make-over with Sharpline's exclusive line of Digital Woodgrain Panels. These high-resolution, digitally printed panels are available in two sizes; produced with high-performance vinyl film that is clearcoated for excellent gloss and 7 year exterior durability.

Sharpline's Digital Woodgrain panels are matched to the three most popular, but no longer available, OEM woodgrain patterns/colors to create a visual effect that closely matches the appearance of OEM woodgrain vinyls.

Sharpline does not offer woodgrain panels pre-cut to fit specific vehicle models.

Graphic images shown are digitally created representations of the actual products. Slight variations in color and appearance may exist between the catalog and the actual product.

SIGN PRODUCTS EVOLUTIONS™

Sharpilne's Evolutions™ printed vinyl panels give you a selection of bold and unique looks for plotter-cut lettering and graphics. Designed for use with Sharpline Vectors™ patterns (pgs 67-68), Evolutions™ are available in three designs, providing the ability to customize a vehicle's look with hundreds of possible design combinations.

Two Evolutions™ panels are required to cut a complete Vectors™ graphic set. Each printed panel is 15" x 118.5".

EVOLUTIONS II™

Sharpline's Evolutions II™ brings five vibrant designs to the automotive graphic arena, each with unique and innovative looks. Evolutions II™ panels are perfect with the 11" Vectors™ patterns, or they can be custom-cut for one-of-a-kind graphics. Evolutions II™ panels are packaged as a set of two; enough for one vehicle installation.

Don't have any sign-cutting equipment? Sharpline's Express Graphics™ department can create ready-to-install Evolutions II™ graphics from many of our Vector™ patterns.

TERMS OF SALE

Prices: All Prices are listed in U.S. dollars.

Payment: All orders are shipped C.O.D., prepaid, or invoice. Invoices are due 30 days after invoice date. A 1.5% finance charge will be added monthly (18% annual rate) for any unpaid balances that are 30 days past invoice date. A \$30.00 service charge will be added on all returned checks. Visa, Mastercard, American Express, Discover and ACH (direct action debit) are also accepted for payment.

Minimums: Sharpline requests a \$50.00 minimum order. Orders less than \$50.00 are subject to a \$5.00 service charge to cover paperwork and handling fees. Express Graphics™ and SuperGraphic™ orders are also subject to a separate \$10.00 minimum order.

Freight: Please consult your Sharpline sales representative about freight terms when placing an order.

Claims: Inspect merchandise immediately upon receipt for damage or errors in shipment. Damage claims must be reported immediately to Sharpline upon arrival. If noticeable damage is detected upon delivery, report damage to delivery personnel. All damaged product and shipping materials must remain intact for carrier inspection. Do not ship product back to Sharpline until notified to do so. Returning product and/or disposing of materials prior to inspection and/or authorization will void the damage claim. Sharpline will not be responsible for claims carried out improperly. Shortages or errors in shipment must be reported to Sharpline within 10 days. Please contact your sales representative for any additional information.

Returns: All sales are final and merchandise is not eligible for stock adjustment for obsolescence or for most other reasons. Area representatives are not permitted to authorize returns. Customer is to prepay freight on authorized returns and will be subject to a 15% restocking and handling charge. Unauthorized returns will be refused. Contact Sharpline with questions regarding returns.

Warranty: Since types of applications and conditions vary under which pressure sensitive vinyl is used, we cannot warrant results for use of this merchandise beyond the cost of replacement of non-usable stock. No representation other than this is authorized by Sharpline Converting, Inc.

Sharpline Converting, Inc. reserves the right to make changes at any time; without notice; in price, colors, materials, packaging, specifications, and product selection.

Colors shown in this catalog are for representation purposes only. Actual colors will vary since samples shown are the best possible representation through offset printing or digital display.

To expedite your order and eliminate errors: Please have your **CUSTOMER NUMBER** and **ALL PRODUCT AND COLOR NUMBERS** ready when you call. **SHARPLINE WILL NOT BE RESPONSIBLE FOR ORDERS PLACED BY DESCRIPTION ONLY!**
