

DIRECTIONS:

Because of the March flood, parts of Yarnell Road were washed away. It is being rebuilt as quickly as possible, but, because of the constant rains, it looks like it might be a while. Please use these directions until it is finished:

Take I44 west to the Soccer Park Exit but instead of going around the truck stop, keep going straight to Mraz Lane. Go under Mraz Lane to the U turn over the top of I44. Continue on that street to the access road going East along I44. The signs will direct you to the Rudder Road exit. Take this road to the Stop Light, turn right. Take the next road (Fenpark) left to 1547.
